

5K For Dillon Papier

Run For a Cure!

His name is Dillon Papier.

Dillon awakes each morning with his ever present smile and exhibits his fun loving personality throughout the day. Much like any other eleven year old boy, Dillon loves baseball, his friends and spending time with family. He is, however, one of only 500 people worldwide suffering from Niemann-Pick Type C (NPC), a rare genetic disorder that is always fatal. Join Dillon's Army in their fight for the cure!

Learn more about Dillon by going to his website
