

## B'NAI ISRAEL SISTERHOOD

invites you to  
a Spring Festival

**SUNDAY, APRIL 29, 2012**

**9:30 am - 1 pm**

in support of  
**DILLON'S FIGHT FOR A CURE FOR NIEMANN-PICK  
DISEASE (TYPE C)**

Niemann-Pick Disease Type C (NPC) is a rare, devastating and always fatal disease that affects only 500 people worldwide. The symptoms of this disease include enlarged spleen and liver, clumsiness and loss of muscle control, deterioration of speech, seizures and dementia, leading to progressive neurological and intellectual decline.

With your help, the National Niemann-Pick Disease Foundation can advance critical research. Research is our only hope for finding an effective treatment for Dillon and other children affected by NPC - a devastating disease that robs them of their most precious gift - life.
